

Putting more money in the pockets of dentists with extensive supply savings

13%
Average annual supply savings for a dental practice

\$17K
Money saved by this practice joining the Synergize network

BACKGROUND

Many dentists that come into our network wonder how they can improve their spending efficiency with their practice. With one of those recurring costs being dental supplies, we leverage our network of dentists to decrease the costs for everyone. Through our savings plan, dentists will **save an average of 13% on all supplies**, which depending on the size of your office, could be tens of thousands of dollars a year.

DENTAL PRACTICE **WITHOUT** SYNERGIZE

	Monthly	Annual
